LEGISLATION CONSIDERED BENEFICIAL TO BE ENACTED (LAW)

I. LEGISLATION CONSIDERED BENEFICIAL TO BE ENACTED IN PERIOD 2007-2008 (01/10/2007 – 30/09/2008)

NO LEGISLATIVE MEASURE HAS BEEN ENVISAGED.

II. LEGISLATION CONSIDERED BENEFICIAL TO BE ENACTED IN PERIOD 2008-2009 (01/10/2008 – 30/09/2009)

Reference No.	Name of the Legislation to be Amended/Enacted	Objective/Scope	Stage	EU Legislation Envisaged to Comply with	Institution Responsible for the Preparation of the Legislation
27.0809.1.01	Law on the Conservation of Nature and Biological Diversity	<p>Conservation of the natural assets, biological diversity and genetic resources of our country, and achieving sustainable use by means of a certain plan drawn up according to the equilibrium between protection and utilization.</p> <p>Contributing to the sustainable development of Turkey for the present and future generations.</p> <p>For the protection of biological diversity, setting up the area determination criteria and management responsibilities together with the establishment of the biological diversity protection system.</p> <p>Ensuring the sustainability of ecosystems, species and biotopes, and the services provided by these.</p> <p>Ensuring the sustainability of the characteristics, beauty and recreational value of nature and biological diversity.</p> <p>Conservation of inorganic natural assets and natural values, and the history, cultural values and the landscape of the country.</p>	Technical studies are in progress	Directive 92/43/EEC on the Conservation of Natural Habitats and of Wild Fauna and Flora Directive 79/409/EEC on the Conservation of Wild Birds	Ministry of Environment and Forestry

27 – ENVIRONMENT

Reference No.	Name of the Legislation to be Amended/Enacted	Objective/Scope	Stage	EU Legislation Envisaged to Comply with	Institution Responsible for the Preparation of the Legislation
27.0809.1.02	Biosafety Law	In conformity with the UN Cartagena Protocol on Biosafety, to which we are a party of, predetermination of risks that may arise due to GMOs and their products, that are achieved by means of modern biotechnology, and in order to enable the control of such risks, approaching them as a unity of systems and setting up, developing and applying the necessary system, and constituting a centralized management for the system, which is developed by taking the whole country into account.		<p>Council Directive 98/81/EC amending Directive 90/219/EEC on the Contained Use of Genetically Modified Micro-organisms</p> <p>Council Directive 2001/18/EC annulling Council Directive 90/220/EEC on the Deliberate Release into the environment of GMOs Regulation No. 1830/2003/EC of the European Parliament and of the Council amending Council Directive 2001/18/EC concerning the traceability and labeling of GMOs and the traceability of food and feed products produced from GMOs</p> <p>Regulation No. 1946/2003 of the European Parliament and of the Council on transboundary movements of GMOs</p>	Ministry of Agriculture and Rural Affairs

III. LEGISLATION CONSIDERED BENEFICIAL TO BE ENACTED IN YEARS 2009 (01/10/2009) – 2013

Reference No.	Name of the Legislation to be Amended/Enacted	Objective/Scope	Stage	EU Legislation Envisaged to Comply with	Institution Responsible for the Preparation of the Legislation
27.0913.1.01	Law on Environmental Responsibility	Based on the “pay as you pollute” principle, holding the businesses, which cause environmental hazards, financially responsible of compensating for the hazard; collecting together the provisions in our legislation on this matter and enacting additional provisions.		Directive 2004/35/EC on Environmental Responsibility	Ministry of Environment and Forestry Ministry of Justice
27.0913.1.02	Law on Environment Agency	Arranging the establishment, institutional structure and duties of the Environment Agency Administration, which shall be established in affiliation to the Ministry of Environment and Forestry as a separate legal person and with a special budget		Council Regulation No. 1210/90	Ministry of Environment and Forestry
27.0913.1.03	Framework Law on Water	Aims at solving the problems and filling the gap encountered during the implementation process. Fulfillment of gradual harmonization with the EU and consideration of full harmonization at the time of membership.		Framework Directive 2000/60/EC on Water	Ministry of Foreign Affairs Ministry of Energy Ministry of Environment and Forestry General Directorate of State Hydraulic Works
27.0913.1.04	Law on the Approval of the Bonn Convention (It shall be considered within the perspective of full membership to the EU.)	To become a party of the Bonn Convention on the Conservation of Migratory Species of Wild Animals		The Bonn Convention	Ministry of Foreign Affairs Ministry of Environment and Forestry

27 – ENVIRONMENT

Reference No.	Name of the Legislation to be Amended/Enacted	Objective/Scope	Stage	EU Legislation Envisaged to Comply with	Institution Responsible for the Preparation of the Legislation
27.0913.1.05	Law on the Approval of the Goteborg Convention (It shall be considered within the perspective of full membership to the EU.)	To become a party of the Goteborg Protocol to Abate Acidification, Eutrophication and Ground-Level Ozone		The Goteborg Protocol	Ministry of Foreign Affairs Ministry of Environment and Forestry
27.0913.1.06	Law on the Approval of the Rotterdam Convention	To become a party of the Rotterdam Convention on the Prior Informed Consent Procedure for Certain Hazardous Chemicals and Pesticides in International Trade	The Convention was signed in 1998, but has not been approved yet	The Rotterdam Convention Council Resolution No. 2003/106/EC	Ministry of Foreign Affairs Ministry of Environment and Forestry
27.0913.1.07	Law on the Approval of the Aarhus Convention (It shall be considered within the perspective of full membership to the EU.)	To become a party of the Aarhus Convention on Access to Information, Public Participation in Decision-Making and Access to Justice in Environmental Affairs		The Aarhus Convention	Ministry of Foreign Affairs Ministry of Environment and Forestry
27.0913.1.08	Law on the Approval of the Espoo Convention (It shall be considered within the perspective of full membership to the EU.)	To become a party of the Espoo Convention on Environmental Impact Assessment in a Transboundary Context		The Espoo Convention	Ministry of Foreign Affairs Ministry of Environment and Forestry

SECONDARY LEGISLATION (REGULATIONS, IMPLEMENTING REGULATIONS, COMMUNIQUÉS, CIRCULARS, ETC) ENVISAGED TO BE ENACTED AND DOCUMENTS SUCH AS STRATEGIES, PLANS AND PROGRAMS ENVISAGED TO BE DRAFTED

I. SECONDARY LEGISLATION ENVISAGED TO BE ENACTED IN YEAR 2007

Reference No.	Name of the Secondary Legislation to be Amended/Enacted	Objective/Scope	Stage	EU Legislation Envisaged to Comply with	Institution Responsible for the Preparation of the Legislation
27.2007.2.01	Amendment of the Implementing Regulation on Environmental Impact Assessment (EIA)	Covers subjects such as regulation of administrative and technical procedures and principles to be complied with during the EIA process, specification of the types of projects for which EIA report and project definition file and the their contents, and monitoring and auditing of the project in the scope of the Regulation before implementation, during implementation and after implementation.	Technical studies are in progress	Directive 85/337/EEC on EIA	Ministry of Environment and Forestry
27.2007.2.02	Implementing Regulation on Strategic Environmental Assessment (SEA)	Covers the environmental assessment of plans and programs subject to the approval of a public authority and enabling public participation in this process. Public institutions, which draw up master plans, physical plans, sectoral plans and programs within the scope of the Regulation, shall be included.	Technical studies are in progress	Directive 2001/42/EC on Strategic Environmental Assessment	Ministry of Environment and Forestry
27.2007.2.03	Implementing Regulation on the Establishment, Working Procedures and Principles of Zoos	Identification of technical, sanitary and hygiene conditions to maintain the natural habitat at least at a minimal level at zoos, in order to conserve biological diversity, and specification of the procedures and principles on the inauguration, licensing and auditing of zoos.	Technical studies are in progress	Directive 1999/22/EC relating to keeping of wild animals in zoos	Ministry of Environment and Forestry

27 – ENVIRONMENT

Reference No.	Name of the Secondary Legislation to be Amended/Enacted	Objective/Scope	Stage	EU Legislation Envisaged to Comply with	Institution Responsible for the Preparation of the Legislation
27.2007.2.04	Implementing Regulation on the Incineration of Wastes	Reduction or prevention of risks to human health due to negative impacts on the environment, in particular air, land, and surface and underground water pollution, caused by the incineration of wastes.	Technical studies are in progress	Directive 2000/76/EC on the incineration of wastes	Ministry of Environment and Forestry
27.2007.2.05	Amendment of the Implementing Regulation on Hazardous Waste Disposal				
27.2007.2.06	Amendment of the Implementing Regulation on Solid Waste Disposal				
27.2007.2.07	Amendment of the Implementing Regulation on Medical Waste Disposal				
27.2007.2.08	Amendment of the Implementing Regulation on Packages and Packaging Waste Disposal	Identification of the procedures and principles for the management and disposal of packaging wastes. An appropriate transition period shall be envisaged in the Regulation.	Technical studies are in progress	Directive 94/62/EC on packaging and packaging waste	Ministry of Environment and Forestry
27.2007.2.09	Implementing Regulation on PCB/PCT Disposal	Procedures and principles in relation to PCB/PCT disposal by means of an environment-friendly national program. An appropriate transition period shall be envisaged in the Regulation.	Technical studies are in progress	Directive 96/59/EC on the disposal of PCB/PCT	Ministry of Environment and Forestry
27.2007.2.10	Framework Implementing Regulation on Waste	Identification of policies and principles to enable the management of wastes beginning from their production to their disposal without causing any harm to human health or environment, and drawing up a national list of wastes by classifying wastes.	Technical studies are in progress	Resolution No. 2000/532/EC establishing a list of wastes Framework Directive 2006/12/EEC on Waste	Ministry of Environment and Forestry

27 – ENVIRONMENT

Reference No.	Name of the Secondary Legislation to be Amended/Enacted	Objective/Scope	Stage	EU Legislation Envisaged to Comply with	Institution Responsible for the Preparation of the Legislation
27.2007.2.11	Implementing Regulation on Landfills	<p>To prevent or reduce the impact of landfill areas to cause harms to human health, greenhouse effect and to pollute underground or surface water.</p> <p>It covers the present landfill areas and landfill areas to be established.</p>	Technical studies are in progress	<p>Directive 99/31/EC on the Landfill of Wastes</p> <p>Council Decision 2003/33/EC on the Criteria of Admitting the Waste to Landfills</p>	Ministry of Environment and Forestry
27.2007.2.12	Amendment of the Implementing Regulation on Hazardous Waste Disposal				
27.2007.2.13	Amendment of the Implementing Regulation on Solid Waste Disposal				
27.2007.2.14	Amendment of the Implementing Regulation on Medical Waste Disposal				
27.2007.2.15	Implementing Regulation on the Assessment and Management of Ambient Air Quality	<p>To describe and establish air quality targets.</p> <p>Determination of air quality on the basis of identified methods and criteria.</p> <p>Collecting sufficient information on air quality and informing the public by means of alert thresholds.</p> <p>An appropriate transition period shall be envisaged in the Regulation.</p>	Technical studies are in progress	Council Directive 96/62/EC on Ambient Air Quality and 4 relevant Directives (99/30/EC, 2000/69/EC, 2002/3/EC, 2004/107/EC)	Ministry of Environment and Forestry
27.2007.2.16	Implementing Regulation on Large Combustion Plants	<p>To limit the emissions in the form of fume, smoke, dust, gas, vapor and aerosol diffused to the atmosphere as a result of the activities of energy plants.</p> <p>Protection of human and his/her environment against the hazards of ambient air pollution.</p>	Technical studies are in progress	Directive 2001/80/EC on the limitation of emissions of certain pollutants into the air from large combustion plants	Ministry of Environment and Forestry

27 – ENVIRONMENT

Reference No.	Name of the Secondary Legislation to be Amended/Enacted	Objective/Scope	Stage	EU Legislation Envisaged to Comply with	Institution Responsible for the Preparation of the Legislation
27.2007.2.17	Implementing Regulation on Biocidal Products	<p>Assessing of the risks of biocidal products on human, animal and environmental health before such products are placed in the market.</p> <p>Identification of the procedures and principles to be applied in the production, contract manufacturing, placing in the market, special uses and control of biocidal products, and specification of the applications concerning licensed products.</p> <p>The Regulation shall envisage gradual transition periods.</p>	Technical studies are in progress	Council Directive 98/8/EC concerning the placing of biocidal products in the market	Ministry of Health
27.2007.2.18	Amendment of the Implementing Regulation on the Protection of Waters against Pollution Caused by Nitrates from Agricultural Sources	Determination and reduction of the pollution in underground and surface water caused by nitrates from agricultural sources, and prevention of such pollution to occur in the future.	Technical studies are in progress within the institution	Directive 91/676/EEC concerning the protection of waters against pollution caused by nitrates from agricultural sources	Ministry of Agriculture and Rural Affairs
27.2007.2.19	Amendment of the Implementing Regulation on Waste-Water Infrastructure and Solid Waste Disposal Fares and Fees	Contributing to the sustainability of environmental infrastructure services by assessing and arranging the full-cost fees required by waste-water administrations and municipalities to cover establishment, operation, maintenance, repair, clearing up, transport, improvement costs, and the costs of monitoring after closing of waste-water infrastructure and solid waste disposal premises.	Technical studies are in progress within the institution	Framework Directive 2000/60/EC on Water Directive 91/271/EEC concerning urban waste-water treatment	Ministry of Environment and Forestry

27 – ENVIRONMENT

Reference No.	Name of the Secondary Legislation to be Amended/Enacted	Objective/Scope	Stage	EU Legislation Envisaged to Comply with	Institution Responsible for the Preparation of the Legislation
27.2007.2.20	Communiqué on the Quality Standards of Shellfish Waters	<p>Identification of shellfish waters and the quality standards in regard to these.</p> <p>Setting up monitoring programs for these waters.</p> <p>Protection of shellfish stocks and shellfish waters against pollutants drained in seas, and improvement of shellfish water quality.</p>	Technical studies are in progress within the institution	Council Directive 79/923/EEC on the quality required of shellfish waters	<p>Ministry of Agriculture and Rural Affairs</p> <p>Ministry of Environment and Forestry</p>
27.2007.2.21	Implementing Regulation on the Control of Major Industrial Accidents	Aims at identifying the necessary measures to be taken to achieve effective and persistent protection at the highest level in order to prevent major industrial accidents in establishments involving dangerous substances and to minimize the hazards of possible accidents on human beings and the environment.		Seveso II Directive 96/82/EC on the control of major-accident hazards involving dangerous substances	Ministry of Environment and Forestry

27 – ENVIRONMENT

II. SECONDARY LEGISLATION ENVISAGED TO BE ENACTED IN YEAR 2008

Reference No.	Name of the Secondary Legislation to be Amended/Enacted	Objective/Scope	Stage	EU Legislation Envisaged to Comply with	Institution Responsible for the Preparation of the Legislation
27.2008.2.01	Implementing Regulation on Mineral Waste Disposal	Arranging technical and administrative procedures and general rules to be complied for the prevention, reduction, collection, temporary storage, handling, recycling and disposal of wastes, which occur due to processing of excavation soil, botanical soil, tails and minerals that emerge during the extraction of minerals from the nature, without causing any damages to the environment and human health.		Directive 2006/21/EC concerning the Management of Mineral Extraction and Processing Industry	Ministry of Environment and Forestry
27.2008.2.02	Implementing Regulation on the Shipments of Waste	Determination of the destination and origin of the wastes to be shipped, the procedures to be applied at the destination of wastes, types of the wastes shipped, and identification of control regimes and procedures on the shipment and trade of wastes based on the route of shipment.		Regulation No. 259/93 on Shipments of Waste	Ministry of Environment and Forestry
27.2008.2.03	Amendment of the Implementing Regulation on Hazardous Waste Disposal			Regulation No. 1013/2006 on Shipments of Waste within and out of the EU	
27.2008.2.04	Implementing Regulation on the Disposal of End-of-Life Vehicles	Enabling recycling and disposal of end-of-life vehicles in an environmental-friendly way.		Directive 2000/53/EC on end-of-life vehicles	Ministry of Environment and Forestry
27.2008.2.05	Implementing Regulation on the Disposal of Waste Electrical and Electronic Equipment	Enabling recycling and disposal of waste electrical and electronic equipment in an environmental-friendly way.		Directive 2002/96/EC on waste electrical and electronic equipment	Ministry of Environment and Forestry

27 – ENVIRONMENT

Reference No.	Name of the Secondary Legislation to be Amended/Enacted	Objective/Scope	Stage	EU Legislation Envisaged to Comply with	Institution Responsible for the Preparation of the Legislation
27.2008.2.06	Implementing Regulation on the Restriction of the Use of Certain Hazardous Substances in Electrical and Electronic Equipment	Restriction of the use of certain hazardous substances in electrical and electronic equipment.		Directive 2002/95/EC on the restriction of the use of certain hazardous substances in electrical and electronic equipment	Ministry of Environment and Forestry
27.2008.2.07	Implementing Regulation on Integrated Pollution Prevention and Control (Integrated Environment Permit)	To control the pollution caused by major industrial premises fully at the origin of pollution. Necessary transition periods shall be inserted in consultation with relevant parties.	The project concerning the matter is in progress, and the draft Regulation will be drawn up within the scope of the project.	Directive 96/61/EC concerning Integrated Pollution Prevention and Control Commission Decision No. 2000/479/EC on the implementation of a European Pollutant Emission Register	Ministry of Environment and Forestry
27.2008.2.08	Implementing Regulation on the Control of Pollution Caused by Volatile Organic Compounds	Specification of principles and procedures on the control of pollution caused by volatile organic compounds. Necessary transition periods shall be inserted in consultation with relevant parties.		Directive 99/13/EC on the limitation of emissions of volatile organic compounds due to the use of organic solvents in certain activities and installations Directive 2004/42/EC on the limitation of emissions of volatile organic compounds due to the use of organic solvents in certain paints and varnishes refinishing products	Ministry of Environment and Forestry

27 – ENVIRONMENT

Reference No.	Name of the Secondary Legislation to be Amended/Enacted	Objective/Scope	Stage	EU Legislation Envisaged to Comply with	Institution Responsible for the Preparation of the Legislation
27.2008.2.09	Implementing Regulation on the Classification, Labeling and Packaging of Dangerous Substances and Preparations (Also included in the chapter on the Free Circulation of Goods with reference number 01.2008.2.02)	By the implementation of the legislation technical obstacles over the international trade of chemicals can be removed, safe products can be placed in the market, environment and human health can be protected from the hazardous effects of chemicals. Harmonization with the relevant sections of the Directive 67/548/EEC on Dangerous Substances shall be accomplished.	Technical studies are in progress	Directive 67/548/EEC on Dangerous Substances (The section on Classification, Labeling, Packaging) Directive 99/45/EC	Ministry of Environment and Forestry
27.2008.2.10	Implementing Regulation on the Procedures and Principles of the Inventory, Notification and Risks of Chemical Substances (Also included in the chapter on the Free Circulation of Goods with reference number 01.2008.2.03)	By the implementation of the legislation the inventory of chemical substances placed in the market can be made, risk assessment of new chemical substances to be placed in the market can be made, safe products can be placed in the market, international exchange of information on the risks of chemicals can be implemented, and environment and human health can be protected from the hazardous effects of chemicals	Technical studies are in progress	Directive 67/548/EEC on Dangerous Substances (The section on Notices) Directive 93/67/EEC on Risk Assessment Regulation No. 793/93/EEC on the evaluation and control of risks of existing substances	Ministry of Environment and Forestry
27.2008.2.11	Implementing Regulation on the Protection of Groundwater against Pollution Caused by Certain Dangerous Substances	To protect groundwater against pollution. A transition period of sufficient duration shall be envisaged within the Regulation		Directive 80/68/EEC on the Protection of Groundwater against Pollution Caused by Certain Dangerous Substances Directive 2006/118/EC	Ministry of Environment and Forestry General Directorate of State Hydraulic Works

27 – ENVIRONMENT

Reference No.	Name of the Secondary Legislation to be Amended/Enacted	Objective/Scope	Stage	EU Legislation Envisaged to Comply with	Institution Responsible for the Preparation of the Legislation
27.2008.2.12	Implementing Regulation on the Quality of Fresh Waters Needing Protection and Improvement in order to Support Fish Life	Protection and improvement of the quality of running or standing fresh waters in which fishes of indigenous species that exhibit natural diversity or of species the presence of which is judged desirable for the purposes of water management can live or may live in case pollution is reduced or eliminated.		Directive 78/659/EEC on the Quality of Fresh Waters Needing Protection in order to Support Fish Life	Ministry of Agriculture and Rural Affairs
27.2008.2.13	Implementing Regulation on Ecolabeling	Enabling more effective use of resources by expanding the use of environment-friendly products. Providing accurate and scientific information to consumers through guidance on such products.		Regulation No. 1980/2000/EEC on the Ecolabeling Scheme	Ministry of Environment and Forestry
27.2008.2.14	Amendment of the Implementing Regulation on the Control of Pollution Caused by Dangerous Substances in Waters and Aquatic Environments	Addition of new definitions, revision of the dates submitted, and overcoming the difficulties encountered during implementation.	Technical studies are in progress within the institution	Directive 76/464/EEC on Pollution Caused by Certain Dangerous Substances Discharged into the Aquatic Environment	Ministry of Environment and Forestry Ministry of Agriculture and Rural Affairs
27.2008.2.15	Secondary legislation on the reduction of sulphur content of certain liquid fuels	Preventing sulphur pollution at its origin by limiting the sulphur content in liquid fuels. Time schedule for gradual harmonization shall be laid down within the scope of the legislation.		Directive 99/32/EC amending Directive 93/12/EEC relating to the reduction of the sulphur content of certain liquid fuels	Ministry of Energy and Natural Resources Ministry of Environment and Forestry
